

## **WCLI 2018 Asia-Pacific Symposium**

Co-sponsored by College of General Dental Practitioners of Singapore, the world's largest dental laser institution will be hosting the **11<sup>th</sup> Asia Pacific Symposium** in the vibrant Lion City, SINGAPORE on 22<sup>nd</sup> and 23<sup>rd</sup> September 2018!

The World Clinical Laser Institute (WCLI) is putting on a symposium focused on laser application in periodontology, implantology, endodontics, restorative dentistry, pain therapy and others. The WCLI Symposium will feature educational content suited for every dental professional.

This event will also include fascinating keynote addresses from leaders in the dental world, along with multiple social and networking opportunities to relax and make new friends while learning about new ground breaking dental technologies.

The WCLI's Symposiums are one of a kind in the dental profession!

### **Date:**

September 22, 2018 (Saturday) – September 23, 2018 (Sunday)

Certified Training Course (CTC)

wcli.org

## Certified Training Course (CTC)

In conjunction with **WCLI 2018 Asia Pacific Symposium**, a two-day lecture and hands-on **Certified Training Course** will be held on 20<sup>th</sup> and 21<sup>st</sup> September 2018.

This course will include: instructor guided setup and explanation of the ErCr:YSGG laser parameters, laser ablation of extracted human teeth, as well as pig jaw surgical hands-on exercises supplemented with clinical videos and case presentations. Anecdotal and science resources will be utilized to set reasonable clinical expectations for the new laser dentist. Incorporating laser technology into a practice will be introduced considering marketing, patient acceptance, and third party relations.

[Course Prerequisite: Owner of BIOLASE WaterLase laser, or other all-tissue laser.](#)

### **Date:**

September 20, 2018 (Thursday) – September 21, 2018 (Friday)

### **For more information or registration, please visit:**

Event details and program will be announced soon.

### **About WCLI**

*The World Clinical Laser & Imaging (WCLI) Institute is the World's only laser and imaging organization. The WCLI Institute – the world's largest dental laser education organization, with over 19,000 members – is expanding its educational programs beyond lasers to include other technologies such as 3D CBCT, digital imaging, and CAD/CAM.*

*The WCLI Institute is dedicated to teaching dentists and their staff how to successfully integrate these technologies into their practices. Members share the goals of providing patients with the safest, most comfortable treatment experience, improving clinical results, and making dental practices more productive and prosperous.*

*The WCLI Institute combines education, fellowship, and fun at major annual symposiums in the US, Canada, Europe, and the Far East and at many local and regional symposiums and seminars in the US and abroad. These meetings are excellent opportunities to learn the latest approaches to integrating technology to improve every aspect of your dental practice.*
